

Farm Evaluation

Part B – Irrigation Well Information

If you have no irrigation wells, please check “No” for Questions 1 and 2

1. Do you have any irrigation wells on parcels associated with this Farm Evaluation? Yes No
2. Are you aware of any known abandoned irrigation wells associated with this Farm Evaluation? Yes No
3. For abandoned wells, mark the location of these wells on the attached map(s) or your own farm map with a unique Well ID of your choice and fill in the following table. For each well, be sure to fill in the table with the Well ID that corresponds to the map and put an “X” next to the practices that apply to the individual well. If the well has been abandoned, indicate the approximate year the well was abandoned (write “Unk” if the year is unknown) and mark how the well was abandoned:

Farm Well ID	Wellhead Protection						Abandoned Wells				Observation/Monitoring Well – Year Modified
	Cement Pad	Ground Sloped Away from Wellhead	Standing Water Avoided Around Wellhead	Good “Housekeeping” Practices*	Air Gap (for non-pressurized systems)	Backflow Preventive / Check Valve	If Abandoned, Year Abandoned	Destroyed – Certified by County	Destroyed by Licensed Professional	Destroyed - Unknown Method	

*Good housekeeping practices include keeping the area surrounding the wellhead clean of trash, debris and any empty containers.
